LOANS NEGOTIATED.

The Concert of the New Haw'n Choral Club.

It Will Be Worthy of Patronage For the Benefit of Deserving Institutions.

It takes two elements to bring out t good audience in Honolulu: A good program and a good cause. Of course the former is the prime essential and the management of the Hawaiian concert are looking out for that. It is getting to be noticeable that in the flood tide of American enterprise and enthusiasm here, some of the old "land-marks" are becoming obliterat-

ed. However, inevitable this may be is a bit saddening to the kamaainas (when they have time to think of it) and foreign visitors miss it.

The coming concert of the Hawaiian Choral Club brings the native Hawaiians and their interests before the public; -their singing (and it can stand on its own merits, without the necessity of patronage) and some of the institutions dear to their hearts.

There is the Hawaiian Relief Association. The public will remember its splendid service during the cholera visitation and also the hearty support tendered it by the foreign residents. It is getting to be a sad fact that this association is more in point, outside of such exigencies as plague and floods, of the Hawaiian Choral Club has received a hearty and appreciative note from the president of the Hawalian Reproval and offering the cooperation of that society.

When a Hawaiian was recently asked what charitable object would appeal most to Hawaiians, he said almost unhesitatingly "The Maternity Home." It has been a God-send to veniences of home could not hope to equal the advantages of this institution. They can always use money ad-

vantageously. The Kawaiahao Seminary for Young Waimea.... Women needs no comment. All it needs is money—or at least when that need is looked after, several others Inter Island S. S. Co.... Inter Island S. S. Co... settle themselves.

It is believed that the public will appreciate the claims of this concert upon them, independent of the multiplicity of other concerts or the rush of the holiday season. The program should not fail to interest and the Hawaiian beneficiaries have their claims sentimental if not otherwise.
